

WICHE Fact Book Table 15 Supplement

This dashboard summarizes Fall semester first-time degree-seeking undergraduates (typically referred to as 'college freshmen'), and where they attend college relative to their permanent state of residence.

In 2016, 60% of First-Time Degree-Seeking Undergraduates in Idaho Were Resident Students, 40% Were from Out-of-State

Freshmen from Out-of-State at Idaho Public 4-Year Institutions:

- increased 55% between Fall 2006 and Fall 2016 (Idaho resident freshmen decreased 13% over the same time period).
- were 36% of all non-resident freshmen in Idaho in Fall 2006, and 34% in Fall 2016.

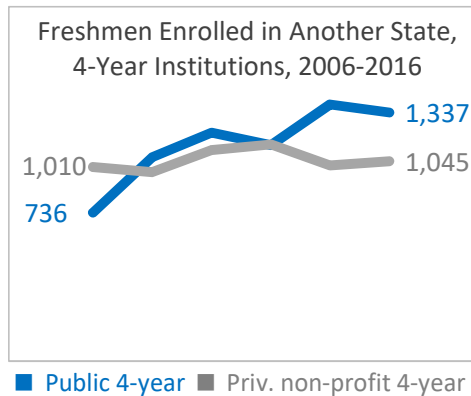

Where Out-of-State Freshmen Are From

State	Percent
Washington	22%
California	19%
Oregon	9%
Utah	7%
Foreign	5%

25% of Idaho Residents Who Were First-Time Freshmen in Fall 2016 Enrolled in Another State

Freshmen Enrolled in Another State:

The percent of first-time undergraduates from Idaho (with Idaho residency) who enrolled at an institution in another state increased from 23.2% to 25.3% between 2006 and 2016.

Where Else Freshmen Enroll (Top 5)

State	Percent
Utah	29%
Oregon	21%
Washington	13%
Montana	7%
California	5%

Shading indicates fewer/more students

Notes : Institutions included above are degree-granting, public two- and four-year and private, non-profit four-year Title IV-eligible institutions (excluding US military/service schools). Students included above are Fall semester first-time, degree-seeking undergraduates. [Notes continue next page...](#)

WICHE Fact Book Table 15 Supplement

Data are suppressed when reported enrollment was less than 10. In 2006, California Community Colleges only reported state of residence for students from California, which may impact changes over time. Some data anomalies were observed but not adjusted. *Definitions* : Includes all students enrolling within the United States among the included institutions, in Fall semester. First-time undergraduates=all first-time students entering the institution, full- or part-time, with any year of high school graduation or without a GED or high school diploma. State of residence=the permanent address identified by the student at the time of application to the institution (not necessarily the state of high school).

Fall semester college freshmen are only a portion of all of Idaho's undergraduate students; many more students also return to continue studies each Fall, in addition to students who begin in the Spring and those not enrolled in a degree program. The data on this dashboard cover public and non-profit institutions, which have enrolled 100% of undergraduates at Idaho institutions since 2006. Several of the dashboard indicators focus on four-year institutions, because they typically encompass the majority of students who study out of state. On average each Fall, 51% of Idaho's first-time degree-seeking undergraduates have enrolled at public and non-profit four-year institutions; 49% enrolled at public two-year institutions.
