WESTERN UNDERGRADUATE EXCHANGE ENROLLMENT REPORT FALL 2007

INTRODUCTION

The Western Undergraduate Exchange (WUE) was initiated in 1988, opening up new opportunities for undergraduate study in a wide range of programs in public two-year and four-year colleges and universities. Now in its twentieth year, more than 22,000 students are currently enrolled in 143 WUE institutions for the 2007-08 academic year.

In WUE, states include programs in which they are prepared to enroll residents of other participating states at a tuition rate equal to 150 percent of resident tuition. This special rate represents a significant savings over normal resident tuition for students and their families. Sending states gain access to a wide variety of high quality academic programs that may not be available in the student's home state. Receiving states and institutions benefit too, as WUE helps build an enrollment base that strengthens programs, improves efficiency, and provides student diversity.

All 15 WICHE states now participate as equal partners in WUE. As of 2006, California residents became eligible to apply to nearly all of the WUE schools; this was a result of the growing number of California institutions joining the WUE network. Seven California institutions now receive students from the other WICHE states through WUE. WICHE welcomes CSU East Bay as our newest California partner for the coming 2008 academic year; additional CSU campuses are finalizing arrangements to join the network.

As of November 2007, Hawaii residents seeking community college options on the mainland now have 65 two-year institutions available to them through WUE; this change is effective for the 2008 academic year. Previously, Hawaii residents were only eligible to enroll at four-year institutions, because Hawaii's community colleges don't currently receive students through WUE.

To learn more about the wide array of programs available through our WUE institutions, consult our searchable database, located at www.wiche.edu/sep/wue. For additional details, follow the links to the receiving institutions' websites.
