COSTS-SAVINGS PROGRAMS Thanks to collaboration with the Midwestern Higher Education Compact (MHEC), one of four U.S. regional higher education compacts, WICHE-region

educational institutions, nonprofits, and public education entities can benefit from three programs: MHECtech, which provides competitively bid purchasing contracts for an array of hardware, software, and technology services; MHECare, which provides a student health insurance plan and teletherapy services; and a MHEC Cyber Insurance Program, which offers risk transfer and advisory solutions.

New Mexico participates in the **STATE AUTHORIZATION RECIPROCITY AGREEMENT (SARA)** through WICHE. This voluntary agreement provides reciprocity for the state authorization of distance education. WICHE Commissioners have been strong advocates for protecting the state voice in important governance decisions affecting this agreement and staff continue to support participating states and improving student protections while bolstering access.

Optimal behavioral healthcare

WICHE Behavioral Health Program (BHP) works with partner agencies to develop a broad and culturally relevant training program to support the preparation and retention of doctoral-level psychologists through the **NEW MEXICO PSYCHOLOGY INTERNSHIP CONSORTIUM (NM-PIC)**. BHP facilitates the program's development, ensures it meets American Psychological Association (APA) accreditation standards, and assists in the accreditation process. The NM-PIC is currently working with its second cohort of interns.

TOGETHER WITH VETERANS (TWV) – RURAL VETERAN SUICIDE PREVENTION PROGRAM is a national program that enlists rural Veterans and local partners to join forces to reduce Veteran suicide in their own communities. Funded by the US Department of Veterans Affairs and administered by the WICHE BHP, TWV provides communities with individualized coaching, tools, training, technical assistance, and resources to implement the program in their own communities. The BHP supports 35 rural communities as far east as New Hampshire and as far west as Guam, and of those, supports 11 rural communities in the WICHE region. The TWV program has a recently established site in Taos, New Mexico, which to date has served approximately 65 rural veterans.
