WHAT STUDENTS ARE SAYING

program. "

" PSEP has helped me achieve my academic and professional goals by reducing my financial stress while I am attending dental school. Without PSEP, I would have had to delay enrolling in dental school until I saved up enough money. I am so grateful for this

PAIGE, North Dakota resident, Doctor of Dental Medicine, University of Colorado Anschutz

WESTERN ACADEMIC LEADERSHIP ACADEMY is a yearlong professional development program for academic leaders aspiring to become chief academic officers in the WICHE region. Eight cohort members from North Dakota institutions have participated in the Academy since its inception in 2015.

Kaylyn Bondy, Bismarck State College, serves as a guest faculty member for the Academy.

COSTS-SAVINGS PROGRAMS Thanks to collaboration with the Midwestern Higher Education Compact (MHEC), one of four U.S. regional higher education compacts, WICHE-region educational institutions, nonprofits, and public education entities can benefit from three programs: MHECtech, which provides competitively bid purchasing contracts for an array of hardware, software, and technology services; MHECare, which provides a student health insurance plan and teletherapy services; and a MHEC Cyber Insurance Program, which offers risk transfer and advisory solutions.

WICHE ACADEMY FOR LEADERS IN THE HUMANITIES is a leadership development program for aspiring academic leaders with a background in the humanities. The two-year fellowship consists of campus-based and external mentoring, a three-day in-person seminar, and an extended project. Eric Wolfe, University of North Dakota, is participating in the 2023-25 cohort.

Optimal behavioral health care

WICHE BEHAVIORAL HEALTH PROGRAM (BHP) worked with the leadership of Sanford Health to begin a doctoral psychology internship program. Sanford has a large national footprint, and they are a leading agency in the advancement of integrated health services (physical and behavioral health). The internship development began primarily with Sanford's integrated health sites in North Dakota. The Sanford PIC welcomed its first cohort of two interns into the program this year, and is working on a self-study as the next step toward accreditation.

In October 2022, WICHE BHP was awarded a multiyear grant from SAMHSA to establish the **MOUNTAIN PLAINS RURAL OPIOID TECHNICAL ASSISTANCE CENTER OF EXCELLENCE (MP ROTAC)**. The MP ROTAC develops and disseminates resources, training, and technical assistance that focuses on opioid and stimulant misuse in rural areas throughout SAMHSA's Region 8.

WICHE BHP also administers the **RURAL COMMUNITIES OPIOID RESPONSE PROGRAM (RCORP)**, a multiyear initiative supported by the Health Resources & Services Administration to identify treatment barriers and best practices for preventing and treating substance use disorder, including opioid use and psychostimulant use disorders. The RCORP program supports one grantee in North Dakota – City County Health District.

TOGETHER WITH VETERANS (TWV) – RURAL VETERAN SUICIDE PREVENTION PROGRAM enlists rural Veterans and local partners to join forces to reduce Veteran suicide in their own community. Funded by the US Department of Veterans Affairs and administered by the WICHE BHP, TWV provides communities with individualized coaching, tools, training, technical assistance, and resources to implement the program in their own communities. The BHP supports 38 rural communities as far east as New Hampshire and as far west as Guam, and of those, supports 18 rural communities in the WICHE region. The TWV program has one established program in Minot, North Dakota, which to date has served approximately 1,700 rural veterans.
