Helps students pursuing careers in **10 HEALTH FIELDS**. They can enroll in programs in the WICHE region and receive substantial tuition support from their home state/territory.

138 Arizona students paid reduced tuition for health care studies not offered by public institutions in their home state.

80% of Arizona's PSEP graduates returned home to practice (2012-16 for physicians, 2012-21 for all other fields). Students are contractually required to return.

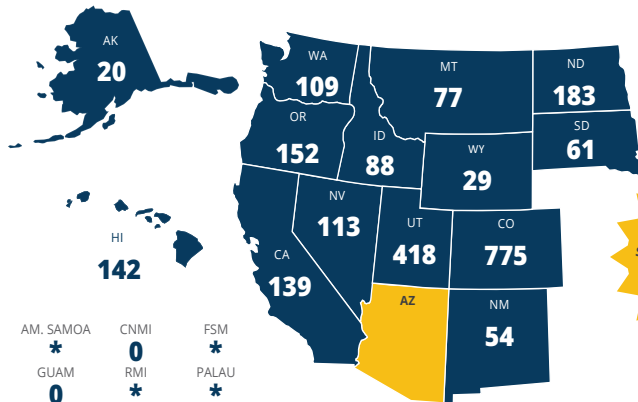

Arizona institutions and their local economies benefit too. This year 167 PSEP students enrolled in programs located in Arizona. Institutions received \$4.1M in support fees to reduce the students' tuition costs.

"WRGP and WUE have enabled me to study architecture across diverse landscapes, from Idaho's fire lookout towers to Arizona's adobe thermal masses. By reducing financial obstacles, these programs have expanded my educational horizons and provided crucial opportunities for my academic and professional growth."

WESTERN ACADEMIC LEADERSHIP ACADEMY is a yearlong professional development program for academic leaders aspiring to become chief academic officers in the WICHE region's postsecondary sector. Two cohort members from Arizona institutions have participated in the Academy since its inception in 2015.

WICHE offers student health and technology contracts through a **COST-SAVINGS PROGRAM** with the Midwestern Higher Education Compact (MHEC) to colleges and universities, K-12 school districts, local and state municipalities, and nonprofit organizations with an education emphasis. Last year, entities that used these contracts saved 9% over what they otherwise would have outside this joint purchasing arrangement. The total savings in Arizona was \$351,427.

Optimal behavioral health care

WICHE Behavioral Health Program (BHP) partners with the Arizona Health Care Cost Containment System to support fidelity reviews of four evidence-based practices (EPBs) in the **MARICOPA COUNTY PUBLIC**

BEHAVIORAL HEALTH SYSTEM. These four evidence-based practices are also being reviewed across the balance of the state. WICHE BHP employs and supports the project lead and six fidelity reviewers.

WICHE BHP also collaborates with **MERCY CARE ARIZONA** to support the expansion of competence and evidence-based practices in trauma informed treatment.

TOGETHER WITH VETERANS (TWV) – RURAL VETERAN SUICIDE PREVENTION PROGRAM enlists rural Veterans and local partners to reduce Veteran suicide in their own community. Funded by the U.S. Department of Veterans Affairs and administered by the WICHE BHP, TWV provides individualized coaching, tools, training, technical assistance, and resources, supporting 16 total communities in the WICHE region, representing 11 Western states. The TWV program supports three communities in Arizona, serving nearly 750 Veterans.

RURAL COMMUNITIES OPIOID RESPONSE PROGRAM (RCORP) is a multiyear initiative supported by the Health Resources and Services Administration within the U.S. Department of Health and Human Services to identify treatment barriers and best practices for preventing and treating substance use disorder. In Arizona, RCORP supports three grantees.

Sound public policy

Arizona participates in the **STATE AUTHORIZATION RECIPROCITY AGREEMENT (SARA)** through WICHE. This voluntary agreement provides reciprocity for the state authorization of distance education. WICHE Commissioners have been strong advocates for protecting the state voice in important governance decisions affecting this agreement and staff continue to support participating states and improving student protections while bolstering access.

Created by the WICE Commission in 1995, the **LEGISLATIVE ADVISORY COMMITTEE (LAC)** works to strengthen state-level postsecondary policymaking across the West. Members are legislators appointed by each state, territory, or freely associated state in the WICHE region; they meet annually to explore emerging policy issues and develop strategies for interstate collaboration.

KNOCKING AT THE COLLEGE DOOR is the leading U.S. resource for projections of high school graduates. Released in December 2024, the newest edition is essential for postsecondary

policymakers, planning and workforce efforts, and economic development. Visit wiche.edu/knocking to access reports, interactive dashboards, webinars, presentations, as well as state-level data.

DATA EXPERTS WICHE staff provide analysis on finance, financial aid, articulation and transfer, strategic planning, student demographics, and more, as well as host peer-to-peer calls of state, system, and institutional chief academic officers to identify areas of potential collaboration and resource sharing across the West.

DATA RESOURCES WICHE offers curated data and policy resources to support better-informed decision-making. WICHE's research projects and collaborations cover postsecondary completion, health workforce development, behavioral health in postsecondary education, open educational resources (OER), state finance, prior learning assessment, and more.
